Carolina Management Team
PO Box 1409
Enka, NC 28728

Dear David & Wendy:

The Town of Burnsville is honored to have been selected as the recipient of the Carolina Management Team Gives Back program. Upon the completion of this project that will have a value of over \$56,000.00 to the Town of Burnsville, we will have met a milestone in the accomplishment of the #3 Water Project set forth in our recently completed Capital Improvements Plan.

Furthermore, in 2012 the Town of Burnsville received the North Carolina Area Wide Optimization Award from NC-DWR-PWSS thus ranking the system as one of the best 35 in the State of North Carolina. This project will allow us to continue the production of high quality drinking water for the Town of Burnsville water customers.

Once again the town would like to express our most sincere thanks to the Carolina Management Team owners and staff for the development of such a highly generous program that gives back to the community that are charged with the duty of protecting public health and safety by producing the highest quality water possible.

On behalf of the town, and with this letter, the Town of Burnsville accepts the offer from Carolina Management Team to rehab our 2mgd tank at Reservoir Road, Burnsville, NC at no charge to the town.

Sincerely

Anthony Hensley
Public Works Director
